To add your article to the bottom of the page, scroll down to the end.
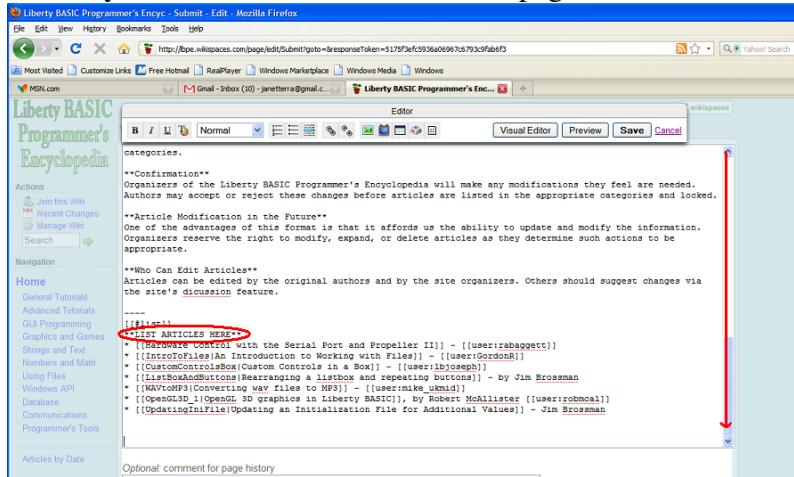

You can either click the link button on the editing tool bar and name your article and page.
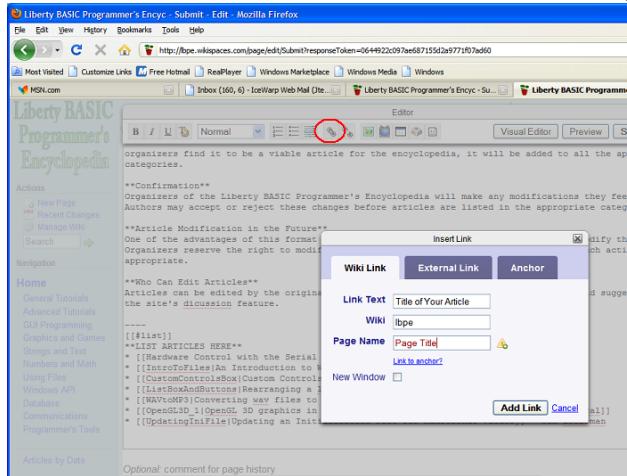

or you can just use brackets to type the page name and article title in.
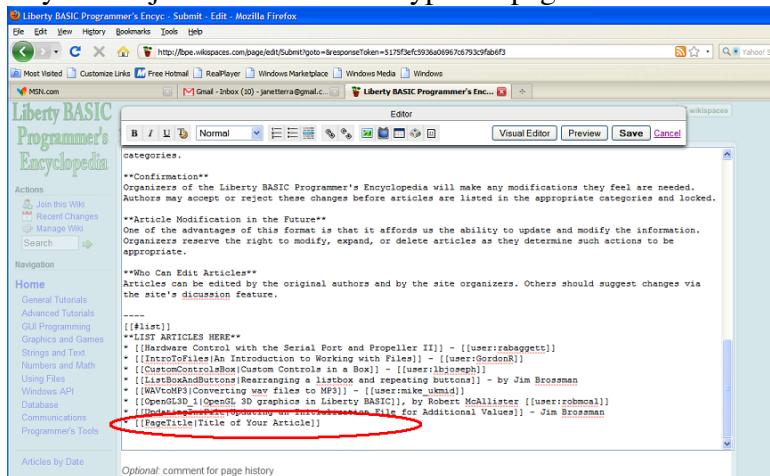

After your [[PageName|Title of Article]] appears at the bottom of the list, add your name and Save your edits.

categories.

Confirmation
Organizers of the Liberty BASIC Programmer's Encyclopedia will make any modifications they feel are needed.
Authors may accept or reject these changes before articles are listed in the appropriate categories and locked

Article Modification in the Future
One of the advantages of this format is that it affords us the ability to update and modify the information.
Organizers reserve the right to modify, expand, or delete articles as they determine such actions to be
appropriate.

Who Can Edit Articles
Articles can be edited by the original authors and by the site organizers. Others should suggest changes via
the site's dicussion feature.
